

Biosecurity Extension Community #3

26 October 2021, 1:00 - 3:00 pm

Vision: On-farm biosecurity is valued by plant industries, retailers, consumers, and the community.

Purpose: Creating a community for extension practitioners, collaborating across Australian plant industries, improving best management practices for people working in extension, interested in biosecurity.

Aims:

- Share knowledge and tools for better biosecurity extension outcomes.
- Coordinated and consistent national biosecurity messaging
- Connect early career extension personnel with experienced extension practitioners.
- A forum for improving best practice in extension related to biosecurity issues.
